## New KOCT Series

# What's Happening at Tri-City Medical Center

## –CARDIAC ELECTROPHYSIOLOGY–

The series, "What's Happening at Tri-City Medical Center", is a collaboration of KOCT and TCMC. The goal of this program is to keep the community informed about health issues, events, and services at your local medical center and provide viewers with information on a healthy lifestyle.

On this episode, host John Bonosoro speaks with Dr. David Cohen, a Cardiac Electrophysiologist at Tri City Medical Center. He specializes in treating heart rhythm disorders, also known as arrhythmias.

During the program, Dr. Cohen discusses electrophysiology, arrhythmia, and therapies that are available for patients with heart failure.

**All Viewers can view this Program** on [KOCT.org's Video on Demand](http://KOCT.org).

Viewers in Oceanside can watch via Cox Cable on KOCT Channels 18 & 19, as well as, county-wide on AT&T's U-Verse service (Channel 99). Visit [KOCT.org](http://KOCT.org) to stream us LIVE and stay in tune with your community by watching KOCT.
